Conservative House Speaker Paul Ryan to:**

REIN IN RUNAWAY SPENDING

Under conservative leadership, Congress has reduced the federal deficit by 60 percent – nearly \$800 billion.

Now Congressman Emmer is working to balance our budget, protecting future generations from crushing national debt.

FIGHT FOR YOUR HEALTH CARE

Under conservative leadership, Congress is standing up to protect seniors' health care. Congressman Emmer is working to repeal Obamacare, with its \$700 billion in Medicare cuts and new board of unelected bureaucrats that will endanger seniors' ability to see their doctors and get the treatments they need. Congressman Emmer is also fighting against increases in Medicare Part D prescription drug premiums and out-of-pocket costs.

KEEP AMERICA SAFE

Under conservative leadership, Congress is providing the equipment our troops need and the funding they deserve, including a pay-raise for military members.

Now Congressman Tom Emmer is working to bolster the fight against ISIS and other forces of terror that threaten our homeland.
