**AMERICAN FAMILIES NEED  
REAL TAX REFORM NOW.**

# CONGRESSMAN BRIAN MAST IS FIGHTING TO PUT AMERICAN FAMILIES FIRST.

For too long, America's tax code has been hurting working families and job creators across the country. The old, outdated, and complex tax code has sent thousands of good-paying jobs to places like China.

Working families are sick of seeing multiple brackets, high rates, and special-interest loopholes. American job creators face the highest corporate tax rate in the industrialized world, which leaves small businesses at a competitive disadvantage with the rest of the world.

**It's time** for a simpler, fairer and flatter tax code.

**It's time** to stop shipping millions of jobs overseas.

**It's time** to cut taxes for working families.

## TAX REFORM: IT'S TIME

- ✓ Job Growth
- ✓ Tax Cuts for Working Families
- ✓ Greater Economic Opportunity
