

MIDDLE CLASS GROWTH
INITIATIVE

December 11, 2017

The Honorable Claudia Tenney
512 Cannon House Office Building
Washington, DC 20515

Dear Representative Tenney,

The conservative and business communities alike salute the concerted work that Congress has done so far to overhaul and improve the outdated U.S. tax code. We ask that the House and the Senate continue to work together on the Tax Cuts and Jobs Act to achieve a law before the end of the year that will benefit the middle class and jump-start the whole economy.

For working families to attain the American Dream, they need transformational tax reform now more than ever. The tax bill currently on the table will result in broad tax relief, allowing working Americans to invest in their futures and achieve the economic prosperity that eludes so many under today's burdensome and stifling tax laws.

Citizens across the country are relying on you to follow through with pro-growth tax reform. Your constituents deserve more of their paychecks in their pockets, greater job prospects, and a stronger economy. We, the undersigned, stand united in support of your efforts to deliver landmark tax reform and urge Congress to work swiftly to make tax reform a reality. Congress should not leave for Christmas until these historic reforms are law.

Sincerely,
